Project information sheet #13

## Lowmead Bridges Replacement

### **JOHN CLIFFORD WAY - HOBBLE CREEK CROSSING (Minor adjustments)**

The aim remains to mobilise a construction crew by the end of the month to carry out minor adjustments for the bridge to road transition at the John Clifford Way - Hobble Creek Crossing. Please adhere to the reduced speed limits in the area until works are completed.

### **GORGE ROAD - BAFFLE CREEK CROSSING (bridge closed until mid-July)**

Creek water levels are continuing to drop enabling access to more areas on site. This week work has occurred on new abutments with precast work, concreting, general earthworks and preparations for piling work. Crews have also undertaken demolition of remaining old timber bridge supports.

### **UPCOMING PLANNED WORK:**

- **Next week up to Fri 24 June:** Ground works, piling and abutment works continuing.

### **WHAT TO EXPECT:**

- **Detour** - via Tableland Road and Lowmead Road via Berajondo during bridge construction. During rain events some roads across our region may be closed. Please check road closure updates on <https://regionwatch.gladstone.qld.gov.au/>
  - Please allow for longer travel times, obey signage and any changed road conditions.
- **Heavy vehicles** - This project does not involve continual heavy vehicle use however there will be heavy vehicles transporting materials and at times several trips will be made to and from the project site throughout the day.
  - At times larger vehicles will be reversed into the project site.
- **Community defibrillator** - Council purchased a defibrillator for community use during bridge construction. If required, this is located at 484 Gorge Road.

*Please use this information as a guide only. Due to the nature of construction projects and unforeseen delays, works may vary.*

*This project is funded by the Federal Government's Department of Infrastructure, Transport, Regional Development and Communications' Bridges Renewal Program Round 4 and Gladstone Regional Council.*
