Project information sheet #18

Lowmead Bridges Replacement

JOHN CLIFFORD WAY - HOBBLE CREEK CROSSING (Minor adjustments)

A construction crew will soon carry out minor adjustments for the bridge to road transition at the John Clifford Way - Hobble Creek Crossing. Please adhere to reduced speed limits in the area until works are completed.

GORGE ROAD - BAFFLE CREEK CROSSING (bridge closed)

Initially this week, creek water levels sufficiently receded enabling work on site with installation of the bridge's precast concrete deck. However, with the recent weather the creek water levels have increased again, impacting on the bridge approaches.

UPCOMING PLANNED WORK:

- **Next week up to Fri 29 July:** Weather permitting, construction of the final road pavement layers, asphalt bridge deck and seal road approaches. Complete vertical alignment work required at Hobble Creek, on or around, 28 July.

WHAT TO EXPECT:

- **Detour** - via Tableland Road and Lowmead Road via Berajondo during bridge construction. During rain events some roads across our region may be closed. Please check road closure updates on <https://regionwatch.gladstone.qld.gov.au/>
 - Please allow for longer travel times, obey signage and any changed road conditions.
- **Heavy vehicles** - This project does not involve continual heavy vehicle use however there will be heavy vehicles transporting materials and at times several trips will be made to and from the project site throughout the day.
 - At times larger vehicles will be reversed into the project site.
- **Community defibrillator** - Council purchased a defibrillator for community use during bridge construction. If required, this is located at 484 Gorge Road.

Please use this information as a guide only. Due to the nature of construction projects and unforeseen delays, works may vary.

This project is funded by the Federal Government's Department of Infrastructure, Transport, Regional Development and Communications' Bridges Renewal Program Round 4 and Gladstone Regional Council.
