Project information sheet #19

Lowmead Bridges Replacement

We appreciate your patience as we progress closer to delivering a new concrete bridge to the community.

JOHN CLIFFORD WAY - HOBBLE CREEK CROSSING (Minor adjustments)

A construction crew will soon carry out minor adjustments for the bridge to road transition at the John Clifford Way - Hobble Creek Crossing. Please adhere to reduced speed limits in the area until works are completed.

GORGE ROAD - BAFFLE CREEK CROSSING (bridge closed)

This week work resumed on the road approaches on both sides of the bridge.

UPCOMING PLANNED WORK:

- **Next week up to Fri 5 Aug:** Weather permitting, construction of the final road pavement layers, asphalt bridge deck and seal road approaches. Complete vertical alignment work required at Hobble Creek, on or around, 4 August.

WHAT TO EXPECT:

- **Detour** - via Tableland Road and Lowmead Road via Berajondo during bridge construction. During rain events some roads across our region may be closed. Please check road closure updates on <https://regionwatch.gladstone.qld.gov.au/>
 - Please allow for longer travel times, obey signage and any changed road conditions.
- **Heavy vehicles** - This project does not involve continual heavy vehicle use however there will be heavy vehicles transporting materials and at times several trips will be made to and from the project site throughout the day.
 - At times larger vehicles will be reversed into the project site.
- **Community defibrillator** - Council purchased a defibrillator for community use during bridge construction. If required, this is located at 484 Gorge Road.

Please use this information as a guide only. Due to the nature of construction projects and unforeseen delays, works may vary.

This project is funded by the Federal Government's Department of Infrastructure, Transport, Regional Development and Communications' Bridges Renewal Program Round 4 and Gladstone Regional Council.
