

Monday 1 April 2019
PROJECT UPDATE NO.1

Proposed Boyne Tannum Aquatic Recreation Centre

Thank you for completing our community survey and providing your feedback on the proposed Boyne Tannum Aquatic Recreation Centre.

During the community engagement period from 25 February to 8 March, Council received over 1,422 responses and 15 submissions. Due to the high volume of feedback received, the review process is expected to take longer than first anticipated to ensure all responses and submissions are carefully considered as part of Council's consultation process.

Following this, an Officer report will be presented at a General Council Meeting for consideration and resolution. It is anticipated that the community engagement results will be presented to a General Meeting in late May or June 2019.

Further updates will be provided as required.

Thank you,
