PROJECT UPDATE NO.2

Proposed Boyne Tannum Aquatic Recreation Centre

Following on from Project Update No. 1 dated 1 April 2019, I am pleased to advise that the results from the community engagement for the proposed Boyne Tannum Aquatic Recreation Centre have now been collated, reviewed and documented.

A copy of the community engagement results report can be located on Council's website via the following link <http://www.gladstone.qld.gov.au/btarc>

An Officer report on the engagement and future direction of the proposed development is due to be presented at a General Council Meeting in July 2019.

A further update will be provided when required.

Thank you,
