

# DA Information

## Where to find information about the current DA

Go to [www.gladstone.qld.gov.au](http://www.gladstone.qld.gov.au)

The screenshot shows the Gladstone Regional Council website. The 'Business' menu is highlighted, and the 'Development Application Tracking' link is visible under the 'Developers' section. Below the main navigation, there is a section titled 'What is Development Application Tracking?' with a link to 'What information can I obtain online?'. A logo for 'Planning Development Online' is also present.

In the new window:

- Click Planning Enquiry
- Search for the DA - Application Number is "DA/4/2020"
- Click Attachments - All documents associated with the DA should be located here

## Public Notification

Public Notification will officially open on **12 August 2020** and continue until **3 September 2020**. Persons wishing to propose changes to the design discussed during the Community Design Workshop are asked to **submit any issues in a Properly Made Submission** to ensure Council can review all proposals.

Council will be able to pause the DA process to allow for additional time to amend the plans as required following the review of the submissions received.
